PROFILE SUMMARY

- **BCA** graduate with **3+ years of experience in Full Stack Development** using .NET Core, ASP.NET, React.js, React Native, .Net MAUI, Vue.js, Web APIs, and SQL Server.
- Skilled in developing scalable web applications, RESTful APIs, JWT authentication, database design, and responsive user interfaces.
- Certified in **.NET Full Stack Development** from CS Infotech Pvt. Ltd., Chandigarh.

EDUCATION & TECHNICAL SKILLS

- **Highest Education** Bachelors in computer applications (BCA) Batch **2022** — HPU, Shimla, Secured 2nd position in College without any Backlog for 3 years.
- **Technical Skills** C#, .NET Core, ASP.NET MVC, Web API, Entity Framework, ADO.NET, React.js, React Native, Vue.js, .NET MAUI, JavaScript, HTML, CSS, SQL Server, MySQL, JWT Authentication, Git.
- **IT Skills** Visual Studio, VS Code, SSMS, Git, Postman, MS Excel, MS Word, PowerPoint.
- **Soft Skills** Internal/External Liaison, 1+1 = 11 Team Building.

PROFESSIONAL EXPERIENCE

Cipher Studio Private limited, Mohali

Full stack Developer

01/2025 to present.

- Developed and maintained web and mobile applications using .NET Core, React.js, React Native, .NET MAUI, and SQL Server.
- Designed and integrated RESTful APIs, authentication modules, and third-party services.
- Built cross-platform mobile applications and optimized application performance and user experience.
- Collaborated with clients and development teams to deliver scalable business solutions. Designed and implemented RESTful APIs, authentication modules, and database-driven solutions.

Project 1 - Melodial Music Streaming Platform

- **URL:** <https://app.melodial.com/>
- **Tech Stack:** React Native, .NET Web API, SQL Server, JWT Authentication, React Native Track Player

- Developed a cross-platform music streaming application for Android and iOS using React Native.
- Implemented JWT authentication, song downloads, playlist management, and music search features.
- Integrated React Native Track Player for background playback, lock-screen controls, and media notifications.
- Built and consumed .NET Web APIs for user management, content delivery, and music streaming.

Project 2 - SmrTE Construction AI Platform

- **URL:** <https://smrte.ai/>
- **Tech Stack:** NET MAUI, Azure Web APIs, SQL Server

- Developed a construction management mobile app using .NET MAUI for Android and iOS.
- Integrated Azure-hosted Web APIs for authentication, project data management, and real-time synchronization.
- Built responsive mobile interfaces to support construction workflows, task management, and field operations.
- Optimized application performance and collaborated with backend teams to deliver scalable mobile solutions.

Project 3 - EzzyBills AI Platform

- **URL:** <https://ui2.ezzydoc.com/>
- **Tech Stack:** Vue.js, .NET, Azure Web APIs, SQL Server

- Developed features for an AI-powered document and invoice automation platform using Vue.js and .NET.
- Integrated MYOB, QuickBooks, ServiceTitan, and Procore using third-party APIs.
- Built AI-driven workflows for document processing, approvals, and business process automation.
- Developed dynamic forms and data management modules for automated document handling.

- Developed scalable full-stack applications using .NET Core, React.js, and SQL Server.
- Designed and implemented RESTful APIs, authentication modules, and database-driven solutions.
- Built responsive and user-friendly interfaces while ensuring application performance and scalability.
- Optimized SQL queries, database schemas, and backend processes to improve system efficiency.
- Collaborated with cross-functional teams in Agile environments, participating in code reviews and deployments.
- Troubleshoot and resolved frontend, backend, and database-related issues to ensure application stability.

Project 4 -Expense Tracking & Management System

- **URL:** <http://essentials.antheminfotech.com/>
- **Tech Stack:** React.js, .NET Core, SQL Server, Chart.js, REST APIs

- Developed a full-stack expense management application with expense tracking, reporting, document management, and user administration.
- Built interactive dashboards, REST APIs, role-based access control, and multi-company support.
- Integrated third-party email verification and communication tracking services.
- Enhanced application performance and user experience through responsive UI development.

Project 5 -Attendance Management System

- **URL:** <http://themanagement.workanthem.com/>
- **Tech Stack:** React, .NET Core API, MS SQL, JWT Authentication

- Developed an employee attendance and leave management system with employee and admin portals.
- Built attendance, reporting, and project tracking modules.
- Built JWT authentication, role-based access control, and administrative management modules.

Project 6 -Logistics Management System

- **URL:** <https://singhlogisticsllc.workanthem.com/>
- **Tech Stack:** ASP.NET MVC, MS SQL, Role-Based Access Control

Overview:

- Developed a logistics management system with role-based access for administrators, accountants, and drivers.
 - Implemented shift tracking, reporting, and secure file management modules.
 - Enhanced usability through UI redesign and centralized operational management features.

○ Cs Soft. Solutions, Chandigarh

Full Stack Trainee

AUG2022 –MAR 2023

Trained in Full Stack Development using React.js, .NET Core, REST APIs, and SQL Server, gaining hands-on experience in frontend and backend development, database integration, authentication, testing, debugging, and application optimization.

ACADEMIC ACHIEVEMENTS

NCC, NSS, Scouts and Guides, State & District level participation Certificates in Schools Co-Curricular activities.

PERSONAL DETAILS

Permanent Address	:	H No. 11/1, Vill. Kotla, P.O. Kohala, Teh. - Jawalamukhi, Kangra, H.P. Pin - 176036
Languages Known	:	English, Hindi, and Punjabi.
Date of Birth	:	16th February 2002
Marital Status	:	Single

I have analyzed the data and briefed a Report; the above information is true to the best of my knowledge.

Place: Chandigarh
Date: 11/08/2026
